

## Ameren Guaranteed Electric Rate

While Ameren's Guaranteed Electric Rate is not a discount, by locking in the electricity rate the library could save money over several years. And in these difficult economic times, every organization is looking for ways to save money.

If the library pays its own electric bill, Ameren Energy Marketing can work with your nonprofit organization to lock in a guaranteed electric rate ranging from one to three years. Ameren Energy provides information showing potential savings, allowing the library to make an informed decision. This service is also available to municipalities, schools, and other businesses. The process takes only a few days to arrange.

To learn more about Ameren Energy Marketing, visit their website at: <http://www.ameren.com/sites/aem/Pages/home.aspx>. To get specific information for your organization, contact Nathan Zeller at (314) 554-2123 or e-mail him at [nzeller@ameren.com](mailto:nzeller@ameren.com).
